Dear Customers

Ann & Liz wish you a warm
Welcome to

'Drifters - The Restaurant'

Fish & Chips

One of our Great British institutions

Fish and chips are a valuable source of protein fibre, iron and vitamins. A third of the recommended daily allowance of vitamins for men and nearly half for women

Our fish comes from sustainable fishing grounds. We use only vegetable oil which is free from Additives low in trans fat, contains no hydrogenated fat and no out produce.

The batter is made to our own special recipe as are our homemade tartar sauce and mushy peas.

The locally grown potatoes are a special variety known for their taste and texture and the bread is baked locally.

We endeavour to use as much local produce as we possibly can.

All our food is cooked fresh to order, if there is a slight delay please be patient

We seek to maintain a high standard. We hope you will enjoy your fish and chip experience and we can welcome you back time after time
